Inflation-linked giving

The Parish Giving Scheme offers a popular option where every giver can choose to increase their gift annually in line with inflation. This is a voluntary decision - but it could have a huge impact on the life and future of your church by maintaining the value of your gift year after year. 30 days before the anniversary of your gift, you will receive a letter informing you of your increased gift amount. If for any reason you do not wish for that increase to be actioned, you can simply notify the PGS team.
